## HOME AIR CONDITIONING CONTROL, EVEN FROM OUTSIDE YOUR HOME

Termal presents the new Wi-Fi Intesis Home module which allows access to remote air conditioner control through a downloadable smartphone app.

Thanks to the Intesis Home App, it is possible to manage the main operating parameters from your home with a simple Wi-Fi home connection, or away from home, with a simple Internet connection.

The Intesis Home App lets you individually and entirely control different indoor units, adjusting air conditioning in multiple rooms.
